Trinitas Classical Academy

*"...for God gave us a spirit, not of fear, but of power and love and **self-control.**"*

2 Timothy 1:7

Fall Harvest Party! End of First Quarter Celebration

Oct. 31 marked the last day of our first quarter of school, and the students celebrated with a Fall Harvest Party during the afternoon! The festivities began with a combined music class with Mrs. Beaver. The students (and Mr. Deegan as we needed a fourth "boy") enjoyed learning how to do a couple of basic square dances. Music class ended with the reading "The True Story of the 3 Little Pigs!" The fun continued with a couple of Fall themed stations; half of the students headed to a Scarecrow measurement activity using candy corn, and the rest of the students worked on a harvest craft project. The students switched to the other station so they could enjoy all of the fun activities. They also played Tic-Tac-Toe with fall themed stampers. It was fun to see the older students play with a younger student and help them learn the rules of the game. We read "The Pumpkin Parable" and enjoyed some parent provide treats; yummy pumpkin protein balls, reformation themed cookies, and a few pieces of candy corn for our afternoon snack.

Fruit of the Spirit Focus for November: Self-control

The theme for this school year is Fruit of the Spirit, each month the students focus on one Fruit of the Spirit. September - Kindness, October - Goodness, and for the month of November the student's are learning about Self-control. Pastor David Teran from Spider Lake Church joined us for our Chapel service to introduce our new Fruit of the Spirit to our students, he also shared his musical talents with us during our worship time. Our First Monday Chapels are a wonderful time of worship and fellowship as a school community.

We sing praise songs, do our pledges, and pray. We also enjoyed hearing from the students who recited prayers, Bible verses, and poetry.

TCA Family Spotlight: The Smiths

"Our family moved to the Hayward area about two years ago. We planned on homeschooling, but as new community members, we decided to look into the available education programs. This was when a friend told us about Trinitas Classical Academy. After a phone discussion with a member of the TCA board, we were very excited about the possibility of our children attending this new school. Our oldest daughter now attends the pre-K program three days a week. We chose TCA because of the commitment to Biblical principles, the benefits of Classical Christian curriculum, and for our children's education to align and support what we teach at home. Since September, our daughter has memorized Bible verses, poems, and new songs while attending TCA. She also has better letter and number recognition and is being more challenged mentally than what we were able to offer at home. We love the adorable school uniforms and the well-thought-out structure of her day at school. Her favorite part of the week is music time with Mrs. Beaver; she always has a song on her heart when we pick her up from the school day. TCA is a joy; we hope to see it flourish as it enriches Hayward and the surrounding communities!" - JT and Kara Smith, TCA Parents

Open House!

**Thursday, November 21
4-5:30pm**

- Explore Curriculum
- Meet our Teachers
- Discover a Typical Day at TCA

We hope to see you and your family there!
